

# HOW TO GET PLACEMENTS IN THE DIGITAL ERA

## 7 WAYS TO GET MORE PLACEMENTS

**#1 RULE - NEVER BE BORING OR DULL. EVER. PEOPLE NEVER REMEMBER BORING PEOPLE. EVER. LEARN HOW TO WRITE IN A WAY THAT GRABS ATTENTION. BUT NOT BEING DESPERATE.**

### PLACEMENTS ARE A NUMBERS GAME

 IF you send out 100 beats, the right way, you'll likely get about 10 SERIOUS responses.

 Email is your friend. It's more professional than DM.

 HAVE A WEBSITE THEY CAN VIEW AND HEAR YOUR MUSIC.

 Your website is a MAJOR advantage since so few producers have one.

### RELATIONSHIPS!

Be a master of relationships. Nothing happens without someone opening a door for you. ( Unless you build your own door. Which I actually recommend. )

### MASTER OUTREACH

**The key is to communicate effectively.**

You can't email someone with just an attachment and expect success. Do your research and know who you are contacting.

- The key is to reach out to the artist's MANAGER. The artist relationship is the best to have, however it's hardest to attain.

**Be Professional and Relentless. ( Never Thirsty )**

People respect action. They don't respect desperation.

- Start with an authentic compliment of the manager or artist's work.
- Big Secret: ALIGN with what they are working on RIGHT NOW. ( This requires a bit of research and tact.

### HUGE SECRET: HAVE VALUE ASIDE FROM BEATS!

**Many doors opened for me when I started DJ'ng.**

I was able to walk in to many new rooms and meetings because I separated myself as a DJ.

- Before that I played keys, so I was able to get into sessions and work with top producers because of piano and my network.

**Start Connecting the Dots.**

Your Network is what will make or break you.

Network in higher circles. Bust in. You're the average of the 5 people you spend the most time with.

- Reach out to at LEAST 10 Successful people per day.
- The more you do it, the better you get.
- If you don't do it, you'll lower your chances of success EXPONENTIALLY.
